

# Could you become a Governor?

Behind every successful school is a team of strategic leaders; each one different from the other but kindred in spirit and ambition.

As a team, school governors are focused in pursuit of a shared purpose; to ensure every single one of our children receive the very best education and support possible.

Volunteering as part of the local governing body for a school is impactful and makes a valuable contribution to the direction of the school.

The role of governor also brings many personal rewards such as personal leadership development and a strategic understanding of school leadership.

**Could this be you?**

**Are you passionate about education?**

We are looking for people to join our team. We are looking for people who can bring a range of skills, backgrounds and experiences who think strategically and can offer a different perspective.

To learn more about the role of governor and gain more information, please contact **Peter Spruce**
